MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Company is engaged in trading of coal and coke. Metallurgical Coke, being a derivative of coking coal is the main source of heat and is also the reducing agent required to facilitate the conversion of metallurgical ores into metal during the smelting process. Coke is mainly consumed in Steel industry, Cement industry, furnaces for small castings and gas producers among others

OPPORTUNITIES & THREATS

Thrust on development of infrastructure and manufacturing by the current government is likely to increase steel demand in the country. Coking Coal and Iron Ore are prime ingredients for production of steel. Hence, it can be understood that the demand for coking coal is due to improve in the coming years subject to favorable impetus from the government. Coke is also extensively used in the Foundries, Ferro Alloys, Steel and Chemicals industries. The Company foresees good scope in coke business in the coming days.

Global Demand for coking coal has started to increase in the current year after a long downturn. This will provide an excellent opportunity for the Company to grow. Although, fluctuation in demand in global steel industry or increase in use of other mode of steel Industry i.e. Electric ARC furnace by steel industry or indiscriminate imports from China might act as a threat to the met coke Industry in India.

RISKS & CONCERNS

The prospects of the met coke industry are correlated with the prospects of the steel industry. Any adverse market conditions like global recession and severe competition from old and established players are the main concerns of the Company. The latest issue of dumping of met coke by Chinese manufacturers is a concern for the Company.

OUTLOOK

The demand of coke in the year to come is expected to increase due to continuing Industrialization and growth in the steel sector in the

country. The biggest opportunity lies in the growing middle class in India and its burgeoning demand. Also indiscriminate dumping by Chinese coke manufacturers is a cause of grave concern.

ANNEXURE - 'B' TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2(f) under "Report on Other Legal and Regulatory Requirements" of our report of even date to the members of Gujarat Metallic Coal & Coke Limited on the standalone financial statements for the year ended March 31, 2016]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Gujarat Metallic Coal & Coke Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE - 'A' TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the members of Gujarat Metallic Coal & coke Ltd. on the consolidated financial statements for the year ended March 31, 2016]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2016, we have audited the internal financial controls over financial reporting of Gujarat Metallic Coal & Coke Ltd. ("the Holding Company"), incorporated in India, as of that date. However as regards the internal financial controls over financial reporting of Happy Mining Pty Ltd ("the Australian Subsidiary"), we are unable to express our opinion in the matter.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the of the Holding company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material

misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company incorporated in India have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Goodwill/Capital Reserve represent the difference between the cost of control in the subsidiary over the book value of net assets at the time of acquisition of control in the subsidiary.

Consolidated Financial Statements have been made by adding together like items of assets, liabilities, income and expenses. The inter-company transactions and unrealized profits/ (losses) thereon have been eliminated.

Foreign subsidiary are considered as non-integral foreign operation as per Accounting Standard-11, on "The effect of Changes in Foreign Exchange Rates". The financial statements of the same have been converted using the following methods:

Components of Balance Sheet have been converted using the rates at the balance sheet date, except balance of Statement of Profit & Loss. Resultant foreign exchange translation difference has been recognized as "Foreign Currency Translation Reserve".

iii) Use of Estimates:

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities for the period under review and disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in the current and future periods.

iv) Fixed Assets:

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income Tax Act, 1961.

Deferred Tax, resulting from timing difference between taxable and accounting income, is accounted for using the tax rates and laws that are enacted or substantively enacted as on the balance sheet date. Deferred Tax assets are recognized only when there is a reasonable certainty that the same will be realized and are reviewed for the appropriateness of their carrying values at each balance sheet date.

xii) Miscellaneous Expenditure:

Preliminary and share/debenture issue expenses are amortized over a period of five years.

xiii) Impairment of assets :

At each reporting date, the Company reviews the carrying values of its tangible and intangible assets to assess whether there is any indication of any asset being impaired. An asset is treated as impaired when the carrying value of asset exceeds its recoverable value. An impairment loss is charged to Statement of Profit and Loss in the period in which an asset is identified as impaired. The impairment loss, if any, in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

xiv) Earning per share (EPS):

For the purpose of calculating diluted earning per share, net profit or loss after tax for the year and the weighted average number of shares outstanding during the year are adjusted with the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed to have been converted as at the beginning of the year, unless they have been issued at a later date.
